

TABREZ ZAIDY

SENIOR UX/UI DESIGNER · PRODUCT DESIGNER · DESIGN STRATEGIST

Mumbai, India · +91-982 120 5694 · tabrez.zaidy@gmail.com · [linkedin.com/in/tabrezzaidy](https://www.linkedin.com/in/tabrezzaidy) · [behance.net/tabrezzaidy110](https://www.behance.net/tabrezzaidy110)

PROFESSIONAL SUMMARY

Senior UX/UI Designer with 8+ years and a track record of two measurable, revenue-moving wins, a 41% lift in prescription conversions and a 32% lift in e-commerce conversion, delivered by leading end-to-end product design across healthcare, e-commerce, and SaaS. Owns the full product design lifecycle: research, information architecture, wireframing, high-fidelity prototyping, design systems, and developer handoff. Leads cross-functional teams of designers, developers, and marketers to ship accessible (WCAG 2.1), conversion-focused interfaces on schedule across 10+ concurrent client engagements. Fluent in AI-augmented design workflows (Claude, Magnific, Figma Make) to compress the path from concept to high-fidelity output.

CORE COMPETENCIES

Design: UX/UI Design · Product Design · Information Architecture · Interaction Design · Wireframing & Prototyping · Design Systems · Visual Design · Motion Graphics · Brand Identity

Research & Strategy: UX Research & Usability Testing · User Flow Mapping · Conversion Rate Optimization · Design Thinking · Accessibility (WCAG 2.1)

Leadership: Cross-functional Team Leadership · Stakeholder Management · Developer Handoff · Responsive Web Design · White Paper Design

TOOLS

Design: Figma · Adobe XD · Photoshop · Illustrator · After Effects · Premiere Pro

AI-Augmented: Claude · Magnific · Figma Make · Chat GPT

Platform & Analytics: WordPress · HTML/CSS · Hotjar · Google Analytics · Jira

KEY ACHIEVEMENTS

41% Prescription Conversion Uplift Designed and shipped an Upload Prescription feature that removed a critical friction point, directly driving a 41% increase in prescription conversions.	32% E-Commerce Conversion Growth Led full-scale UX/UI redesign of 10+ pharmacy websites — improved navigation, trust signals, and checkout flow — lifting portfolio-wide conversion 32%.
--	---

New Revenue Channel Created

Introduced contextual Product Card components on editorial blog pages, converting informational traffic into sales-qualified leads and a previously untapped revenue stream.

Design System at Scale

Built a reusable Figma component library adopted across 10+ client brands, cutting per-project design time and keeping visual language consistent at scale.

PROFESSIONAL EXPERIENCE

Senior UX/UI Designer & Project Manager

True North Management Inc. · Vancouver, Canada (Remote)

June 2017 – Present

- Increased overall e-commerce conversion 32% by leading the end-to-end UX/UI redesign of 10+ online pharmacy websites, modernizing legacy .NET platforms into performant WordPress experiences with streamlined information architecture and accessibility-compliant interfaces.
- Lifted prescription-related conversions 41% by taking a frictionless “Upload Prescription” feature from UX research and user flow mapping through high-fidelity prototyping and QA, eliminating the largest drop-off point in the funnel.
- Opened a new mid-funnel revenue channel by embedding contextual Product Card components in blog content, turning informational traffic into sales-qualified leads and measurable incremental revenue.

- Architected and maintained scalable design systems and component libraries in Figma, enabling consistent brand identity, faster iteration, and seamless developer handoff across 10+ concurrent client engagements.
- Directed UX research — user interviews, heuristic evaluations, and usability testing, to identify friction points, validate design decisions, and prioritize roadmap work using behavioral data.
- Ran design delivery inside Agile sprints, partnering daily with developers and marketers on sprint planning, reviews, and retrospectives to keep projects on time and on budget.
- Led visual design and content strategy for enterprise white papers and digital brand assets, translating complex technical subject matter, cloud security, physical access control, data center efficiency, unified networking, into accessible, high-impact publications.
- Championed WCAG 2.1 accessibility standards across every deliverable, raising compliance posture and expanding product usability for users with disabilities.

WHITE PAPER DESIGN PORTFOLIO

- Maximizing Enterprise Security Systems in the Cloud
 - Visual design, layout, and infographic creation for a technical security white paper targeting enterprise IT decision-makers.
- System Design Considerations to Optimize Physical Access Control
 - A comprehensive B2B publication communicating complex system architecture through clear typography, diagrams, and data visualization.
- The Hidden Energy Drain: Increasing Fan Efficiency in Data Center Cooling
 - A visually compelling white paper combining technical content with accessible design for a data center hardware client.
- Combining Security and Networking Technologies for Unified Solutions
 - A professional multi-page publication bridging enterprise security and networking product positioning.

EDUCATION, CERTIFICATIONS & LANGUAGES

Higher Secondary Certificate – Commerce, Mahim Social Workers Night Junior College, Mumbai, India (1999)

Certification in Web Design, Arena Animations
